**THA Report Distributor**

THA's Report Distributor provides a tool for producing tabulated and graphical presentation of health-based data. Through a series of drop-down boxes, the user makes selections which display various graphs and tables specific to the user's facility.

You may enter the site and use the tool by completing a user name and password. Access is restricted to registered users. Please contact [Jennifer McIntosh](mailto:jmcintosh@tha.com) to request a user name and password. Your comments and suggestions about the tool are welcomed.

All data entry pages have the same general layout and functions. All data entry pages have a reference table to the left below the topic selection option. (1) A time period (2) for the data being entered must be selected, and then the numerator (3) and denominator (4) should be entered. Once you are finished, please click the “Submit Form” (5) button at the bottom.

Once you have clicked the submit form button, the system will check for errors on the page.

If there is an error, follow the guidance provided in red text to resolve the error. If you receive the Duplicate Data error (below), email Jennifer McIntosh with the data you were attempting to enter. The system will reject any duplicate data, so there will be no record of what was entered. Jennifer McIntosh will verify that the duplicate data either matches what was entered or will confirm with you which data point is correct.

**Duplicate Data!**

If you need to make changes to the data you've submitted, please [email Jennifer McIntosh](#) with the details.

If you would like to submit another form, [click here](#).

If the system checks the data entered and no errors are found, the confirmation below will be shown.

If you would like to submit another month's data for your facility for this topic, the "click here" link (1) will take you back to the data entry screen you were just using.

If you would like to switch facilities or topics, select them from the drop downs to the left (2).

Otherwise, you are finished entering data through Report Distributor for the month!

**NOTE:** Data entered in Report Distributor is not instantly shown on the scorecard or graphs. In order to benchmark effectively and maintain a static reference point for each month, data is only refreshed and updated once a month.

**If you have a question about data that is entered and not shown on the reports, please contact Jennifer McIntosh.**
