

## COVID Skilled Care Centers and Units

In accordance with Executive Order 55, the Tennessee Department of Health in partnership with TennCare established a temporary network of COVID Skilled Care Centers/Units (CSCCs/CSCUs).

### Who is Eligible?

CSCCs/CSCUs serve Tennesseans who are COVID-19 positive and require nursing home services. Eligible patients from this group include:

- COVID-19 positive patients ready for discharge from hospitals but still requiring post-acute care (private insurance, TennCare, and uninsured patients)
- Current nursing home residents who become COVID-positive and cannot be well-isolated in their facilities

### What do I do if I have an eligible patient?

1. Please contact one of the facilities listed below to arrange discharge or transfer.
2. If the patient is on TennCare (and does not qualify for *Medicare* Skilled Nursing Facility Services), please also notify the beneficiary's [Managed Care Organization](#) (MCO).

### CSCC/CSCU Facilities

#### Nashville

- AHC Vanco – (615) 859-6600
